IINO Kaiun Kaisha, Ltd.

Thanks to seafarers, with new year's greetings

IINO Kaiun Kaisha, Ltd. is to announce that president and Representative Director Hiromi Tosha expressed his gratitude to our seafarers on board.

The president, with new year's greetings, expressed his appreciation and respect to our seafarers working on board despite of unforeseen COVID-19 infection, and he requested the seafarers to keep safe operation and continuous transportation, as their sea transportations are supporting our daily life to carry what we need. The message was delivered by video to convey the president "fresh voice" to each ship, since last year the president was unable to visit ships due to COVID-19 infection.

We will keep stable seaborne transportation and safe navigation.
