

8 September, 2021  
IINO Kaiun Kaisha, Ltd.

### **IINO joined JAPAN HYDROGEN ASSOCIATION(JH2A)**

IINO Kaiun Kaisha, Ltd. (IINO) announced it has joined the JAPAN HYDROGEN ASSOCIATION(JH2A), which promotes global collaboration and the formation of hydrogen supply chains in the hydrogen field, on 25 August 2021.

JH2A was established in December 2020 as a cross-industry and open organization that oversees the entire supply chain to support the early creation of a hydrogen society by carrying out social implementation projects.

Through membership in JH2A, IINO will continue to contribute to the realization of a sustainable society by utilizing the knowledge we have gained through collaboration and information exchange with other companies that support the realization of a hydrogen society.
