IINO Kaiun Kaisha, Ltd.

### **IINO's Properties Receive DBJ Green Building Certification**

IINO Kaiun Kaisha, Ltd. is pleased to announce that IINO Building has continuously acquired the highest rank of 5 stars (☆☆☆☆☆) in DBJ Green Building Certification by Development Bank of Japan Inc. as "Properties with the best environmental & social awareness".

This rating system comprehensively evaluates and certifies real estate required by society and the economy from the following five perspectives: (1) environmental performance of the building, (2) comfort and diversity of tenants and users, (3) environmental, crime prevention and disaster prevention risk management, (4) consideration for the surrounding environment and community, and (5) collaboration with stakeholders and IR activities.

For more information on this rating system, please refer to the following website, jointly operated by DBJ and the Japan Real Estate Institute: <http://igb.jp/>

At the same time, Shiodome Shibarikyu Building has continuously acquired 4 stars (☆☆☆☆) as "Properties with exceptionally high environmental & social awareness".

In consideration of the Japanese government's target, we will continue its efforts to reduce greenhouse gas emissions in order to achieve a 50% reduction by 2030.
