IINO Kaiun Kaisha, Ltd.

A video thanking us from the Philippine Red Cross

The Philippines was hit by Typhoon Rai on December 16-17, 2021, which caused extensive damage in many areas. To support the victims, IINO Kaiun Kaisha, Ltd. (IINO) donated \$30,000 to the Philippine Red Cross Society through "IMS PHILIPPINES MARITIME CORP." (our business partner for crewing in the Philippines) in January 2022.

We are pleased to share the video we received from the Philippine Red Cross. The video shows the streets where the typhoon left scars and the volunteer activities of the Philippine Red Cross.

Many Filipino seafarers are working on board our vessels, and we have a close relationship with the Philippines.

We hope that those affected by the disaster will regain their peaceful lives as soon as possible.
